SUNTEK VIETNAM

OPEN LETTER

SUNTEK VIETNAM CO., LTD was established in November 2007, with the two subsidiary companies:
SUNTEK Joint Stock Company and SUNTEK Invest Joint Stock Company.

Having over 15 years of operation, 63 branches and more than 1,000 points of sale nationwide. Being a leading company in the field of manufacturing and importing equipment for Solar Energy, Electricity, Electronics, installing solar power systems, providing power saving and energy saving solutions, and power quality management of industrial power systems in Vietnam.

Applying the development of modern technology, thoroughly using trusted products with natural ingredients. We have constantly researched and applied the most advanced methods and technologies in the world to satisfy the needs of the market and always ensure **the quality of each product before it is released to the market.**

SUNTEK Vietnam always understands: Every opportunity to cooperate with customers is an opportunity for development of our company. Our company would like to thank customers for trusting and accompanying our development over the past time.

Best regards!

INTRODUCTION ABOUT

SUNTEK VIETNAM

Vietnam Suntek One Member Company Limited was established under the Business Registration Certificate No. 0102458938 issued by Hanoi City Authority for Planning and Investment on November 7, 2007.

All of our products are strictly inspected by engineers in all processes from production, purchase to delivery to customers. It is the guarantee of comprehensive features: high quality, advanced technology, international standards, environmental friendliness, experienced consultants... that have created customers' trust in Suntek Vietnam. We highly appreciate the values customers bring to Suntek and will always try our best to bring customers the best products and services!

SUNTEK – MANUFACTURER OF SOLAR ENERGY EQUIPMENT
 MOST QUICKLY DEVELOPED – BEST AFTER-SALES SERVICES IN VIETNAM

**SOLUTIONS FOR LIGHTING,
 STORAGE AND GRID
 CONNECTION USING
 SOLAR ENERGY**

We are committed to providing the best products and services in the field of solar powered lighting. Our proven continuous innovation brings the latest technological advancements to high quality, life-enhancing solar lighting systems.

TYPICAL PRODUCTS

SOLAR - POWERED HIGH PRESSURE LIGHTS

Solar high-pressure lights have very large light intensity and are used to illuminate places such as highways, streets, parks, stadiums, factories...

All SUNTEK solar high-pressure lights use Philips LED chips, Lithium iron phosphate batteries (lifePO4) and the latest version MPPT charge controller. Products are manufactured at the request of the Investor and manufactured in Vietnam.

SOLAR - POWERED STREET LIGHTS

Solar street lights are street, rural, garden lighting equipment...

SUNTEK's solar street light products use SMD LED chips, Lithium iron phosphate battery (lifePO4) and have a guaranteed full-night lighting duration.

Products have nominal power from 60W to 500W.

SOLAR - POWERED FLOODLIGHTS

- Floodlights are high-intensity distant light, used to illuminate outdoor play areas, factories, indoors, billboards...

All SUNTEK solar floodlight products use LED technology with many different designs and purposes such as security, outdoor sports at night. Products have nominal power from 10W to 500W.

SOLAR - POWERED PARK - GARDEN LIGHTS

- This lighting system uses 100% solar energy, is absolutely safe for users, easy to install, and cost saving.

Used to install public amusement areas such as parks, campuses, resorts, homestays, villas, gardens,...

Products are diverse in design and capacity.

SOLAR - POWERED TRAFFIC LIGHTS

- SUNTEK solar traffic signal lights work 24/24. Lights that are resistant to water, impact, and dirt are installed on traffic roads, at junctions and intersections to warn of dangers to road users. Lights have many different designs and sizes, products are designed and manufactured according to the requirements of the Investor.

SOLAR ENERGY STORAGE UNIT

- The storage battery system provides power for electrical equipment, contributing to reducing dependence on grid electricity, and at the same time creating renewable, green, clean, independent energy and protecting the environment.

We design the storage units according to the requirements of Customers. Our products are made in Vietnam.

TYPICAL SERVICES

SUNTEK VIETNAM

SUNTEK does investment and rental of solar lighting infrastructure packages: Highway, Interprovincial Road, Inter-District Road, Industrial Park, Urban Area, Residential Area,...

Our goal is to make the investor's works and projects operate **COST SAVING - SAFELY - EFFECTIVELY**. We commit that the Investor will reduce at least 20-30% of the cost compared to the initial infrastructure investment and operation when using normal grid electricity.

After 10 years, we will hand over the entire infrastructure and equipment for free to the Investor. 10-year free operation service package: When using SUNTEK's lighting equipment rental service, you will be provided with a maintenance, overhaul and repair service package in case of any problem of the product.

Let our company invest and operate lighting for your projects.

1. Suntek in Thai Binh

Project: "Lighting up rural roads using solar energy" of Thai Binh Province
Product installed: **SUNTEK S60**
